AI Nutritionist - Health academy website

Date	Hours	Task	Work Done
9/13/2025	1	Meeting with Olga	We had a meeting and discuss about the projects
9/20/2025	2	Tested chatbot	we received the files and got admin for wordpress, I run health academy website, tried to connect existing chatbot, but it seems not working well, I will look for another way
9/24/2025	0.5	Created new repo in github	https://github.com/narkmn/HealthAcademyNen08
10/3/2025	3	Wordpress analysis	Tried to run localhost in wordpress, Wordpress file was too big to download and run it.
10/4/2025	2	Learning	Wordpress plugins and how to connect NextJS
10/9/2025	2	Wordpress analysis	Used "All in One WP migration" plugin, still not very good success.
10/16/2025	3	Wordpress migration	Tried Vivid backup and others, still have not worked, so emailed to Olga to ask hosting account.
10/19/2025	2	Wordpress migration	Download healthacademy.ca files through the SSH connection, because FTP is not working.
10/21/2025	1	Wordpress migration	Run the healthacademy in locally. However URLs are in website, tried to change it. But broke the database.
10/23/2025	2	Wordpress migration	Prepared and configured healthacademy.ca in locally again. Also prepared midterm report
10/25/2025	4	Wordpress migration	Prepared migration scripts, however database configuration is not working well, we only change it by manually, need to automate in bash terminal
10/25/2025	1	Wordpress migration	Tested
10/26/2025	4	Wordpress migration	No way to fix database configuration, so in the middle we have to import database name and change something, which is faster
10/30/2025	2	Clouding	Purchased new webhosting in WHC, same as Healthacademy, and domain www.dataofattraction.com setting up
11/3/2025	6.5	Clouding	Change the scripting code and migrated database and wordpress, still not fully automated but all the steps now clear
11/5/2025	2	Testing	Testing on removing unnecessary plugins and pages, Removed 4 plugin and it worked okay
11/9/2025	4	Wordpress migration	Improved migration code, because of database url problem, I created 3 migration scripts.
11/9/2025	2	Learning	Researched openai chatbot, and custom plugin of wordpress
11/13/2025	2	Learning	Tested editing custom plugin in www.dataofattraction.com, however something is broken, now I cannot access use customize tool
11/14/2025	6	AI chatbot	Created AI chatbot plugin in local wordpress host. It is working fine, but it work like Chatgpt, not personalized and related to topic
11/15/2025	6	AI chatbot	added the plugin into healthcare.ca and localhost. And get user info and saved chat history in database. Added last 10 chat history along with all class topic since there is no way which class student in
